

OUR PHILOSOPHY: The Sartoria kitchen sources local at every opportunity and supports local producers who are as passionate about food as we are. Our eggs are free range sourced throughout Victoria. Our meat is free range and our seafood is locally sourced. Sartoria also support sustainable trade.

OUR STORY: Sartoria refers to the successful dressmaking, bridal and evening wear business operating from the 70s through the 90s created by J & C Agricola using much of the equipment which now adorns all areas of this modern eatery. Today the legacy continues through their next generation bringing you Sartoria. Eat. Drink. Celebrate life.
